Hi to all, I hope 2008 is going well for you all. I wanted to introduce myself and my company Earth Mother Party Bags, it does what it says on the tin. I am a party bag company run by myself a mum of 2 from my home in Bournemouth. I sell fairly traded, eco-friendly toys, gifts and mostly party items online, and sometimes at craft fairs. I hope you will have a look at my website, as no party is complete without something from my site. Many thanks

=====
